Mr Casey —

The Soviet Submarine Command and Control article I believe is of interest to you. Derived from a goodly number of Soviet unclassified writings it seems to add up to a good insight on some of the Soviet Constraints in operating subs.

This article was mentioned to you at the Submarine Birthday Ball where you were the guest speaker and Admiral Thunman suggested that it might be worth your perusal.

I believe these articles, in this attempt to have a truly Professional organ for a unique profession (submarining), are also of interest to you.

Sincerely,
Bill Ruhe
